4. Approval of Minutes

The minutes of the October 23, 2024 Board meeting are included as follows for Board review and approval.

RECOMMENDED ACTION: Approve the minutes as presented.

<u>MOTION</u>: Do I hear a motion that the October 23, 2024 minutes of the SPSA Board of Directors meeting be approved as presented?

MINUTES OF THE BOARD OF DIRECTORS OF THE SOUTHEASTERN PUBLIC SERVICE AUTHORITY OF VIRGINIA

October 23, 2024

The Regular Meeting of the Board of Directors of the Southeastern Public Service Authority (SPSA) was held at 9:30 a.m. in the Regional Board Room at the Regional Building, 723 Woodlake Drive, Chesapeake, Virginia. The following members were in attendance or as noted:

| Mr. John Maxwell | (CH) | Mr. Earl Sorey ¹ | (CH) |
|-------------------------|------|--|------|
| Ms. Sheryl Raulston | (FR) | Ms. Rosylen Öglesby ² | (FR) |
| Dr. Dale Baugh | (IW) | Mr. Randy Keaton | (IW) |
| Mr. John Keifer | (NO) | Mr. Richard Broad | (NO) |
| Mr. C.W. "Luke" McCoy | (PO) | Ms. Lavonda Graham-Williams ³ | (PO) |
| Mr. Tony Parnell | (SH) | Ms. Lynette Lowe | (SH) |
| Mr. D. Rossen S. Greene | (SU) | Mr. Albert Moor | (SU) |
| Mr. Thomas Leahy | (VB) | Mr. L.J. Hansen ⁴ | (VB) |

(CH) Chesapeake; (FR) Franklin; (IW) Isle of Wight; (NO) Norfolk; (PO) Portsmouth, (SH) Southampton County; (SU) Suffolk; (VB) Virginia Beach

Others present at the meeting included Alternate Ex-Officio Members Mr. Michael Etheridge (IW), Mr. Jeremy Kline (VB), Mr. Robert Lewis (SU), Mr. Greg Martin (CH), Mr. Jerod Roberts (PO) and Mr. Brian Thrower (SH), SPSA executives, Mr. Dennis Bagley, Executive Director, Ms. Tressa Preston, Secretary and Director of Administration, Ms. Sandy Schreiber, Treasurer and Director of Finance, Mr. Henry Strickland, Director of Operations, Ms. Angie Hutchins, Management Analyst, Ms. Deborah White, Executive Assistant, Mr. Brett Spain, General Counsel, and Mr. John Brunini, Special Counsel.

To accommodate those who could not attend in person, through the meeting notice, members of the public were also invited to listen to, and view presentations displayed at the meeting, by registering for attendance using a GoTo Webinar teleconferencing platform. Members of the public were also invited to speak at the SPSA Board of Directors Meeting during the designated public comment period at the beginning of the meeting by registering in advance with the Secretary through contact information published in the meeting notice. Members of the public were also invited to listen to the SPSA Board Meeting via toll-free telephone.

1. CALL MEETING TO ORDER

Mr. Thomas Leahy, Chair of the Board of Directors, called the October Board Meeting to order at 9:30 a.m. and then he led the Pledge of Allegiance.

¹ Mr. Sorey left the meeting at 12:30 p.m., at which time Mr. Martin became the voting Ex-Officio Member for the City of Chesapeake.

² Ms. Oglesby arrived at 9:35 a.m.

³ Ms. Graham-Williams was absent and Mr. Roberts served as the voting Ex-Officio Member for the City of Portsmouth.

⁴ Mr. Hansen left the meeting at 12:30 p.m., at which time Mr. Kline became the voting Ex-Officio Member for the City of Virginia Beach.

2. PUBLIC COMMENT

Ms. Preston reported that there were no requests for public comment.

3. CHAIRMAN'S COMMENTS

Chairman Leahy announced that there were some technical difficulties with the audio for anyone listening online. Online attendees were still able to hear but the sound was a little muffled and not as crisp sounding as it normally is. Chairman Leahy then introduced the Board's newest members. Rosylen Oglesby, the Ex-Officio Member for Franklin, had not yet arrived at the meeting. Jerod Roberts, the Alternate Ex-Officio Member for Portsmouth, sat in for Lavonda Graham-Williams who was not in attendance. Chairman Leahy then moved on to the Executive Director's evaluation. A blank paper copy of the evaluation was provided at each Board Member's seat, and it was noted that an email with an electronic version would be emailed to each Board Member. Chairman Leahy requested that all completed evaluations be returned to him or Ms. Raulston by November 30th. All responses will be confidential and once all are received, they will be reviewed by Chairman Leahy and Mrs. Raulston to finalize the evaluation. Ms. Oglesby had arrived at the meeting a few minutes late so Chairman Leahy welcomed her to the Board of Directors.

4. <u>APPROVAL OF MINUTES</u>

The minutes of the September 25, 2024, Board Meeting had been distributed. Chairman Leahy pointed out a typo in the draft minutes in which the meeting date was inaccurate. He assured the Board and the public that the correction would be made in the final published minutes. Chairman Leahy asked if there were any additions or changes and there were none.

Mr. McCoy moved, seconded by Mr. Keifer, to approve the September 25, 2024, minutes of the SPSA Board of Directors, as presented. The motion was approved by a vote in favor by all the Board members present, with the exception of Ms. Oglesby, Mr. Roberts, and Mr. Hansen who abstained from voting as they were not present at the previous meeting.

5. PRESENTATION OF THE ANNUAL AUDIT

Ms. Lowe, Chair of the Audit Committee, shared that the Audit Committee met on September 20th. She and Ms. Graham-Williams were pleased with the detailed notes and supplemental information. The audit firm staff fully explained the cash reserves and the investments as they matched SPSA's current and planned projects. Ms. Lowe then had Ms. Harden from Cherry Bekaert begin her presentation of the audit.

Ms. Laura Harden introduced herself and her team, outlined the auditing process they underwent, and was pleased to announce that they issued an unmodified opinion on the

October 23, 2024 Board Meeting Minutes

financial statements from the year ending June 30, 2024, noting that it is the best opinion an organization can receive. She went on to overview the financial statements, accounting practices, communications, upcoming financial reporting changes that the Board can anticipate for the current fiscal year, and other matters of Board interest.

Other Required Communications

October 23, 2024 Board Meeting Minutes

Once Ms. Harden concluded her presentation, she asked if there were any questions, but there were none. Ms. Lowe commented that the SPSA staff does an excellent job of maintaining accurate records during the year which assists the auditors to complete a thorough and excellent audit.

Chairman Leahy noted that SPSA has a solid staff that documents every penny coming in, how it is spent, and where it is spent which takes away second-guessing and makes it easier to track revenue and expenditures. He thanked Ms. Shreiber, SPSA staff, the Audit Committee, and the consultants before asking for a motion to accept the audit report as presented.

Mr. Maxwell moved, seconded by Ms. Raulston, to approve the Annual Audit for fiscal year ending June 30, 2024, as presented. The motion was adopted by a unanimous vote in favor.

Mr. Baugh moved, seconded by Chairman Leahy, to let the minutes reflect an official commendation to Ms. Shreiber and SPSA Accounting staff for their outstanding work in this year, and previous years' audits. The motion was adopted by a unanimous vote in favor.

6. EXECUTIVE DIRECTOR UPDATES

Mr. Bagley began his report by informing the Board of Directors that he and Ms. Preston had met several weeks prior where she indicated she wanted to develop an exit strategy because she had an opportunity to pursue other areas of interest. Ms. Preston had been with SPSA for five years and Mr. Bagley wanted to celebrate her accomplishments during that time. Mr. Bagley shared that Mr. Preston had been an integral part of SPSA's transition in changing our image by being more outward focused rather than inward focused. She managed the master plan for technology system upgrades, improved recruitment, oversaw the project for updating the pay classification plan, guided updates to the employee handbook, and boosted employee

morale. Mr. Bagley thanked Ms. Preston for her five years of service with SPSA then asked the Chairman if he had any comments to add.

Chairman Leahy said he was shocked to learn that Ms. Preston would be leaving SPSA because she had always been Board Secretary since he had joined SPSA's Board of Directors. The Chairman shared that Ms. Preston always knew everything so he was surprised to learn she had been with SPSA for only five years. He thanked Ms. Preston for her competency, commitment, and caring while at SPSA.

Ms. Preston thanked everyone and expressed how it was an honor and privilege to serve the Board and the SPSA organization. She acknowledged that her colleagues would continue to move SPSA forward and grow in the future.

Chairman Leahy informed the Board that Ms. Preston's resignation was effective Friday, October 25, 2024, and under the bylaws, he would make a temporary acting appointment for Board Secretary until the December Board meeting when the Board could make nominations and vote on a new Secretary. Based on the Executive Director's recommendation and her performance as Secretary for the RFP Selection Committee, Chairman Leahy announced he would be appointing Deborah White as acting Board Secretary effective Friday afternoon.

Mr. Bagley then continued with his Executive Director Report with an update on the Army Corps of Engineers' Environmental Impact Study (EIS). The agreement with the Magnolia Farms property landowner will be extended before it expires on November 10th. The final purchase of the property is dependent on the issuance of the wetlands permit.

The RFP Selection Committee has made several site visits and has one more site visit to make. The Committee has gathered a lot of information and most of that information would be shared in closed session.

After working on the leachate evaporator for the past eighteen months, an air permit draft has been issued for review. Staff are in the process of reviewing the draft and should have it returned to DEQ by next week. Once DEQ receives the draft, the thirty-day public comment period will begin. If no surprises arise, the final permit should be issued by the end of the year.

The Audit Committee has been pleased with Cherry Bekaert's work and would like to continue to use them for SPSA's yearly audits. This was the final year of our contract with Cherry Bekaert so a new audit services contract would need to be secured. Ms. Hutchins from purchasing worked with Ms. Schreiber to locate a cooperative contract that Cherry Bekaert is party to. Ms. Schreiber requested Cherry Bekaert's pricing based on using that cooperative contract. Once received, Ms. Schreiber will review their proposal, determine if it is fair, competitive pricing, and make the decision to continue using Cherry Bekaert or not. Their contract would be less than \$50,000 so Board Approval would not be required if determined to continue with Cherry Bekaert. Ms. Lowe added that Cherry Bekaert has grasped and understands SPSA does not operate the same as local government, so it is important to keep that knowledge and not go through a learning transition with a new auditor if possible.

Mr. Bagley happily shared that the court proceedings from Monday dealing with the BHS complaint and temporary restraining order pertaining to our RFP for alternative waste

October 23, 2024 Board Meeting Minutes

disposal services were dismissed with prejudice meaning BHS could not bring this complaint back to court. Although that was good news, Mr. Bagley cautioned the Board that BHS could appeal and, along with other vendors, could protest at the end of the RFP process.

Mr. Bagley brought two contracts before the Board for approval. The first contract pertained to renovations at the Portsmouth transfer station. Previous discussions about the renovations informed the Board that the money would come from Wheelabrator's early termination payment. This contract is to repair some exterior damage, prepping, and painting the facility. The budgeted amount was \$250,000 and the proposal came back at \$246,750. This is a cooperative contract with the vendor, W. W. Enroughty & Son, Inc. (WWE).

Mr. Hansen moved, seconded by Mr. Broad, to authorize the executive director to award a contract to W.W. Enroughty & Son, Inc. for renovations of the Portsmouth Transfer Station, as presented. The motion was approved by a unanimous vote in favor of the Board members present.

The second contract was to purchase five yard tractors. Two of those tractors were originally supposed to be electric as proposed in the capital budget. As staff received pricing of \$250,000 per tractor and an additional cost to install charging stations, staff

decided to wait on purchasing electric yard tractors in hopes the pricing will begin to come Page | 11 down as more companies switch to electric tractors. Until that time, staff recommended purchasing five fuel tractors using a cooperative contract with the vendor, Gregory Poole Equipment Company, located in North Carolina. The budgeted amount was \$870,000 and this contract is \$699,500 for five fuel yard tractors at \$139,900 per tractor.

Mr. Keifer moved, seconded by Ms. Lowe, to authorize the executive director to award a contract to the Gregory Poole Equipment Company for five Yard Tractors, as presented. The motion was approved by a unanimous vote in favor of the Board members present.

Mr. Bagley reviewed municipal and commercial waste volumes for the reporting period, as well as total waste volumes, noting that municipal volumes for the month came in under budget, but commercial waste volumes were significantly higher than anticipated. Even with reduced municipal waste volumes, total waste volumes were greater than budgeted. Mr. Bagley did note that he and staff would be keeping a close eye on waste volumes as there appears to be an unusual downward trend in municipal waste tonnage that has not been seen in previous years.

7. USE AND SUPPORT AGREEMENTS

Mr. Bagley gave a presentation on the Use and Support Agreements and the need to amend the agreements as part of the RFP process. Mr. Bagley began the presentation by reminding board members that they were given a copy of the Use and Support Agreement for their individual community at the September Board meeting and were asked to become familiar with the content in order to discuss what changes might be needed. Given that the agreements are identical, were written well, and have served the communities and SPSA well, Mr. Bagley recommended that much of that original document be maintained moving forward because of the options it gives the Board to govern the system as times change. Mr. Bagley proceeded to go through each article of the agreement to identify proposed changes, emphasizing the pros and cons of options for extending the term, and the need to

October 23, 2024 Board Meeting Minutes

consider offering different fees for different services to allow the Western communities the option of paying just for waste disposal.

This would be consistent with how SPSA has offered specific fees for certain services such as household hazardous waste disposal, electronic waste disposal, and water treatment plant sludge disposal. Mr. Bagley emphasized that further discussion was needed in this area because a Board vote of 75% is required to approve any contract. Mr. Bagley also outlined the next steps needed for the Use and Support Agreements, including incorporating changes into a draft amendment for Board review, presenting the proposed amendment at the December Board meeting, voting on the amendment at the January Board meeting, and presenting the proposed amendment to member governing bodies.

Following Mr. Bagley's presentation, the Board discussed the need to have the presentations to the City Councils and Board of Supervisors before an amendment was voted on by the Board. There was also an extended discussion by the Board with regard to the advisability of offering different rates for different services, that waste from the Western communities is currently being sent to Waverly, that past experience had shown that offering differing rates had created acrimony among the member communities, and that current waste and recycling practices could change over time. The Board also expressed concern that the projected timeline might be too short given the status of the RFP, the need to talk with communities, and the upcoming holidays. Mr. Bagley reassured the Board that he had heard all comments made and staff would revisit the schedule timeline. He hoped to have a better understanding of the impact that a new tip fee would have on the western communities and the eastern communities' recycling costs and present the information at the December Board meeting.

8. QUARTERLY FINANCIAL REPORT

Ms. Schreiber presented the quarterly financial report. Starting with revenues, Ms. Schreiber listed first quarter revenues from the current budget and year-to-date numbers, along with first quarter actuals from FY 2023 and FY 2024 so that comparisons could be more accurate. She reported that for the first quarter, revenues were at 35.2% of the annual budget, with the receipt of early termination payment from Wheelabrator, continued high rates of interest income, and higher than anticipated commercial tonnages.

| Revenue | # 27 | | | | | Revenue Highlights |
|-------------------------|--------------|--------------|----------------|-------------|-----------|--|

Moving on to expenditures, Ms. Schreiber took the same approach of comparing FY 2025 first quarter budget and September 30, 2024, expenses with first quarter actuals from FY 2023 and FY 2024 broken out by expenditure type. Ms. Schreiber reported that operational expenses are 23.3% of the annual budget for the first quarter of FY 2025.

| | | | SEP.24 |

Ms. Schrieber offered to answer any questions, but there were none.

Mr. Broad moved, seconded by Mr. Hansen, to approve the quarterly financial reports as presented, pending audit. The motion was adopted by a unanimous vote in favor.

9. <u>CLOSED SESSION</u>

Chairman Leahy reminded those present that there was a closed session on the agenda for discussion regarding the current RFP for alternative waste disposal and developments in the EIS process. Only Board Members, SPSA Executive Staff, and SPSA Counsel referenced above would be present for the RFP portion of the session, but Counsel from the Cities of Chesapeake, Portsmouth, and Suffolk would be allowed to attend the portion not relating to the RFP. There were no objections to that plan.

Motion to Approve Request for Closed Meeting.

I move that a closed session be held for discussions regarding (1) proposals received in response to the RFP issued by SPSA for Solid Waste Disposal Services, in accordance with Virginia Code Section 2.2-3711(A)(29) for the purpose of considering the negotiation and award of a public contract involving the expenditure of public funds, including interviews of bidders or offerors, and discussion of the terms or scope of such contract, where discussion in an open session would adversely affect the bargaining position or negotiating strategy of the public body; and (2) wetlands and cultural heritage mitigation issues that have arisen during the required Federal wetlands permitting and the Army Corps of Engineers' Environmental Impact Statement (EIS) process, which are necessary for proposed expansion of the Regional Landfill in accordance with Virginia

Code Section 2.2-3711(A)(8) for the purpose of consulting with legal counsel regarding specific legal matters requiring the provision of legal advice by such counsel.

Mr. Broad moved, seconded by Dr. Baugh, to approve the closed session motion as presented.

ROLL CALL

Mr. John Maxwell – YES Ms. Sheryl Raulston – YES Dr. Dale Baugh – YES Mr. John Keifer – YES Mr. C.W. "Luke" McCoy – YES Mr. Tony Parnell – YES Mr. D. Rossen S. Greene – YES Mr. Thomas Leahy – YES Mr. Earl Sorey – YES Ms. Rosylen Oglesby – YES Mr. Randy Keaton – YES Mr. Richard Broad – YES Mr. Jerod Roberts – YES Ms. Lynette Lowe – YES Mr. Albert Moor – YES Mr. L.J. Hansen – YES

The motion passed by unanimous roll call vote of Board Members (16-0-0). The Board went into closed session at 11:29 a.m.

The Board returned to open session, both in person and electronically, at 1:14 p.m.

Motion to Approve Certification after Closed Meeting.

The Board hereby certifies that, to the best of each member's knowledge: (i) only public business matters lawfully exempted from open meeting requirements by Virginia law under the Virginia Freedom of Information Act; and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered in the closed meeting just concluded.

Mr. Broad moved, seconded by Ms. Raulston, to certify the closed session, as presented.

ROLL CALL

The motion passed by unanimous roll call vote of Board Members (16-0-0).

October 23, 2024 Board Meeting Minutes

ACTION ARISING FROM CLOSED SESSION

Mr. Bagley gave a presentation on the cultural mitigation process with the Nansemond Indian Nation, including the statutory and regulatory background for addressing cultural mitigation, a determination that construction of cells VIII and IX would impact a traditional cultural place (TCP), and a tentative agreement reached with the Nansemond Indian Nation to mitigate that impact.

Mr. Keaton moved, seconded by Mr. Broad, to authorize the Executive Director, in the name of, and on behalf of SPSA, and in consultation with the Chairman and with the assistance and advice of legal counsel, to do all such acts as may be necessary to finalize and execute one or more contractual agreements, including a Memorandum of Agreement, with the U.S. Army Corps of Engineers and the Nansemond Indian Nation (NIN) to mitigate the cultural impacts to the NIN of the proposed expansion of the Regional Landfill into Cells VIII and IX with the following limitations: (1) the total payment to the NIN shall not exceed \$700,000 and will be payable within 30 days of the issuance to SPSA of a final, unappealable CWA 404 permit; (2) such payment shall be made to the NIN as mitigation for cultural impacts resulting from expansion of the sufficiency of the cultural mitigation in this matter and agree not to oppose the Final EIS or the issuance of the CWA 404 permit sought by SPSA in this matter. The motion was adopted, with Mr. Kline voting no, Ms. Oglesby abstaining, and the remaining majority vote in favor, as noted in the above attendance footnotes.

10. ADJOURN MEETING

There being no further business to come before the Board of Directors, the regular meeting was adjourned at 1:25 p.m.

Executive Committee Minutes – August 21, 2024

Executive Committee Minutes Southeastern Public Service Authority of Virginia August 21, 2024

A regular meeting of the Executive Committee was held at 9:30 a.m. in the second-floor conference room of the SPSA Regional Office Building in Chesapeake, Virginia and was called to order by the newly appointed Chairman, Tom Leahy. The other Executive Committee Members present at this meeting were Ms. Sheryl Raulston and Mr. Al Moor. Also in attendance were Executive Director, Dennis Bagley, Director of Operations, Henry Strickland, Director of Finance, Sandy Schreiber, and General Counsel, Brett Spain. Board Members Mr. Luke McCoy and Mr. John Keifer observed the meeting, as well. Executive Assistant, Deborah White filled in as Committee Secretary for Director of Administration, Tressa Preston, who was not in attendance.

Items for Discussion:

1. Remarks from the Chairman

Being his first Executive Committee meeting as Chairman, Mr. Leahy gave a few remarks regarding his philosophy concerning the Committee's oversite and duties as outlined in SPSA's by-laws. In Mr. Leahy's view, the Executive Committee is to advise the Executive Director and provide insight into items the committee would like him to dive into, but they have no executive power over Mr. Bagley. He commended Mr. Bagley and staff for their excellent work regarding SPSA's daily operations and permitting/expansion projects. He informed everyone that Mr. Dale Baugh had resigned from the Executive Committee and Mr. Randy Keaton would also be resigning. Since both members represent the smaller, Western communities, Chairman Leahy will be considering a replacement for the Committee. The Chairman also informed the Committee that he was available by cell phone to discuss any concerns, issues, or ideas that Members have.

2. Review and approve Executive Committee Minutes of July, 17, 2024.

Ms. Raulston moved, seconded by Mr. Moor, to approve the minutes of July 17, 2024. The motion was adopted by a unanimous vote in favor.

- 3. Executive Director Updates
 - a) Upcoming Board Meeting New Agenda Items

Mr. Bagley informed the Committee that the Fiscal Year 2024 year-end numbers would be reported at the Board Meeting. The presentation will show a \$2.1 million surplus. Mr. Bagley will make the recommendation to appropriate the surplus amount as follows:

- \$125,000 for IT upgrades to the Regional Boardroom. This space is shared by SPSA and HRPDC and room upkeep/improvement costs are shared by both.
- \$45,000 for the yearly Safety Awards Banquet.
- \$1.93 million for the Flyover Project

The Board of Directors will be provided with a RFP update during closed session. Mr. Bagley hopes to enter into closed session by 10:20 a.m. to allow ample time for the RFP Review Committee to provide information to Board members and answer any questions they may have.

b) Ongoing Update Items

Mr. Bagley will provide an update on the Environmental Impact Statement (EIS) during the meeting's closed session.

Work is continuing at the Portsmouth Transfer Station. Mr. Strickland gave an update on cleaning efforts saying that contractors have been doing a great job. The tipping floor has been brushed clean so assessments can now be made on condition and needed repairs. The walls are being blasted using dry ice instead of water. This provides the same effect as power washing but without the stormwater run-off. SPSA continues working to improve the appearance of the entire corridor and has taken on the grass cutting contract and is now keeping the grassy easement across the street maintained. Mr. Bagley and staff will be meeting with representatives from the Navy/Shipyard, South Norfolk Jordan Bridge, and the City of Portsmouth to discuss needed improvements to the Elm Avenue/Victory Blvd corridor. The EPA has announced a proposed cleanup plan for the Peck Iron and Metal site due to soil and sediment contamination. Mr. Strickland has reviewed the documents on the EPA's website, and it appears they are moving ahead as planned.

All information pertaining to the Leachate Evaporator requested by DEQ has been submitted. This is the first time the Tidewater DEQ office has received a request for a leachate permit and some needed information was originally missed in the beginning of the process. Additional modeling was required due to this oversight. This permitting delay has caused additional operational cost for hauling leachate. The concrete slab has been poured and Mr. Strickland expects the electrical contractor to begin work within the next thirty days. SPSA is responsible for installation of the gas lines and will have the fuel train delivered early to avoid delays when the gas company is ready to install and make connections. Mr. Bagley is hoping to have a November completion date and staff is doing everything upfront that DEQ will allow to keep the process moving with no further delays. Once the permit is received, it is estimated to take two months for the leachate evaporator to be operational.

Mr. Bagley and staff have met with representatives from Crowder Construction concerning the flyover construction project. Crowder will be ready to start work once the materials and machinery are in place. Mr. Moor added that construction zone signs have already been placed along Route 58.

The Part A Permit for proposed Regional Landfill Cells VIII and IX is still being processed by DEQ. Once the major permit modification for Cell VII is received, a bid would be put out for construction.

c) Upcoming Board Meeting Agendas

The Audit Committee is currently setting up meetings and will provide a report at the September meeting. Ms. Schreiber informed the Committee that information had been

provided to Cherry Bekaert for the Audit work. Staff have been pleased with Cherry Bekaert's audit work, but a new bid would need to go out soon for Audit Services for the 2025 Fiscal Year.

The RFP Review Committee has informed the two selected vendors that they will be giving an introductory presentation to the Board of Directors at the September Board Meeting. RePower South, LLC and Commonwealth Sortation, LLC will both give a brief overview of their company and process during closed session. A second presentation will be given at the October board meeting with more in-depth information including contract terms and pricing.

4. Closed Session

Motion to Approve Request for Closed Meeting.

Chairman Leahy read the following closed session motion:

I move that a closed session be held for discussions regarding proposals received in response to the RFP issued by SPSA for Solid Waste Disposal Services in accordance with (a) Virginia Code Section 2.2-3711(A)(29) for the purpose of considering the negotiation and award of a public contract involving the expenditure of public funds, including interviews of bidders or offerors, and discussion of the terms or scope of such contract, where discussion in an open session would adversely affect the bargaining position or negotiating strategy of the public body; and (b) Virginia Code Section 2.2-3711(A)(8) for the purpose of consulting with legal counsel regarding specific legal matters requiring the provision of legal advice by such counsel.

At 10:01 a.m., Mr. Moor moved, seconded by Ms. Raulston, to approve the closed session motion as read. The motion was adopted by a unanimous roll call vote in favor. Board Members, staff, counsel, and consultants referenced above attended the closed session.

Motion to Approve Certification after Closed Meeting.

The Executive Committee of the Southeastern Public Service Authority of Virginia hereby certifies that, to the best of each member's knowledge: (a) only public business matters lawfully exempted from open meeting requirements by Virginia law under the Virginia Freedom of Information Act; and (b) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered in the closed meeting just concluded.

At 11:07 a.m., the Executive Committee came out of closed session, and Ms. Raulston moved, seconded by Mr. Moor, to approve the certification as read. The motion was adopted by a unanimous roll call vote in favor.

5. Other Business

Chairman Leahy informed the Committee that the RFP Review Committee would be meeting

with both vendors on August 29, 2024. Each vendor would be allowed 3 hours with the Committee to provide information and be given an opportunity to ask/answer questions. Commonwealth Sortation, LLC was scheduled for the morning and RePower South, LLC was scheduled for the afternoon. The RFP Review Committee will determine if a Special November Board Meeting is needed, and if so, if a Special November Executive Committee meeting would also be necessary.

Chairman Leahy added that work should begin on amending the Use and Support Agreements with the eight member communities, which was followed by a discussion about whether a committee should be formed. There was a general consensus that a committee was not needed, individual members of the Board of Directors could offer advice and input to Mr. Bagley about possible updates to the current Use and Support Agreements, and the Board would be consulted before taking any proposed changes back to the member communities. Mr. Bagley further reminded the committee that during initial presentations, Mr. Bagley had informed each community that new Use and Support Agreements would be needed. Chairman Leahy expressed his view that the region needs to invest in long-term agreements comparable to the City of Norfolk and City of Virginia Beach Water Contract, that long-term contracts give stability, lower prices, and more investment. Extending the Use and Support Agreements would be consistent with the positive image SPSA has developed in recent years.

Chairman Leahy asked if there was any further business for the Committee, but there was none.

6. Meeting Adjourned at 11:23 a.m.

8. Financial Report

Statement of Revenue and Expenses – Budget to Actual Comparison

For the period ending October 31, 2024, total expenses exceeded total revenues by approximately \$381 thousand as compared to net revenue of \$541 thousand in October 2023.

Tipping fee revenue received in October 2024 reflects a decrease of 3.5% or approximately \$651 thousand as compared to the same period in the previous fiscal year.

Total expenses for the month ending October 31, 2024, were approximately \$6.2 million as compared to \$4.2 million incurred in the previous fiscal year. Capital assets expenditures in October 2024 were \$2.2 million.

Monthly Expense Line Items

This report provides the actual expenses by month by the type of expense. The majority of the line items vary in amount from month to month because they are either: (1) dependent on usage, or (2) timing of payment and/or check date.

Monthly Comparison of Revenues and Expenses

This report illustrates the monthly revenues and expenses. An explanation is included under each graph if there is a sizeable variance. The straight line in each graph represents the fiscal year 2025 budget on a straight-lined basis and the line graph represents the prior fiscal year for comparison.

Waste Stream Report

This report has been developed to provide the status of tonnages received as compared to the amounts budgeted. For the period ending October 31, 2024, municipal waste tonnages reflect an increase of 3.2% or approximately 1,242 tons as compared to the prior year. Total municipal tonnages were under the budgeted amount by 253 tons.

Treasurer's Report of Cash Balances

This report captures the monthly activity in each of the depository accounts grouped as either unrestricted and designated funds or trust funds. As of October 31, 2024 cash balances were approximately \$63.7 million representing approximately \$783 thousand in operating funds, \$3.2 million in undesignated fund balance, \$136 thousand for open capital PO's rolled from FY2024, \$2.8 million reserved for the Leachate Evaporation System, \$179 thousand for open Landfill Expansion Purchase Orders, \$23.1 million designated for landfill closure and \$33.2 million reserved for Landfill Expansion and flyover.

9. Closed Session

Motion to Approve Request for Closed Meeting.

I move that a closed session be held for discussions regarding proposals received in response to the RFP issued by SPSA for Solid Waste Disposal Services in accordance with **(a)** Virginia Code Section 2.2-3711(A)(29) for the purpose of considering the negotiation and award of a public contract involving the expenditure of public funds, including interviews of bidders or offerors, and discussion of the terms or scope of such contract, where discussion in an open session would adversely affect the bargaining position or negotiating strategy of the public body; and **(b)** Virginia Code Section 2.2-3711(A)(8) for the purpose of consulting with legal counsel regarding specific legal matters requiring the provision of legal advice by such counsel.

ROLL CALL

Motion to Approve Certification after Closed Meeting.

The Board hereby certifies that, to the best of each member's knowledge: (i) only public business matters lawfully exempted from open meeting requirements by Virginia law under the Virginia Freedom of Information Act; and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered in the closed meeting just concluded.
